ALL-COUNTY LETTER NO. 89-51

TO: ALL COUNTY WELFARE DIRECTORS
 ALL COUNTY AUDITORS
 ALL COUNTY FISCAL OFFICERS
 ALL COUNTY ADMINISTRATIVE OFFICERS

SUBJECT: COUNTY WELFARE DEPARTMENT ADMINISTRATIVE EXPENSE CLAIM (AEC) - JUNE 1989
 QUARTER

This letter provides claiming instructions for the April - June 1989 quarter. Instructions for the Child Welfare Services (CWS) and Greater Avenues for Independence (GAIN) Program are included. This letter also advises Counties of the creation and implementation of the County Fiscal Letter (CFL) effective with the July - September 1989 quarter.

The following are the correct forms for use in the June 1989 quarter.

CWS

In a letter to Ray Merz, President of the County Welfare Directors Association (CWDA) dated April 13, 1989, the Department indicated that direct-charging of drug testing and campership costs under the CWS Program is allowable without prior approval under specified conditions. Family and Children's Services Policy Bureau has further refined the conditions as initially expressed to CWDA. Specifically, it was determined that prior approval for drug testing in the Permanent Placement Program and for camperships in the Emergency Response Program would still be

appropriate due to the status of the case in relation to those services. Effective immediately, drug testing and campership costs are allowable without prior approval for specified CWS programs when all of the following conditions have been met:

- o All mandated services in each of the four CWS programs must be available and must be offered in cases when the assessment identifies a need for such services in order to accomplish the service plan objective.
- o Sufficient CWS funds must be available to meet the anticipated need for mandated services in each program for projected caseloads, after which expenditures for the approved non-mandated services may be considered.
- o The CWS funds must not duplicate payments or be used to purchase services which might be available from another source, e.g., Medi-Cal, or a parent's private insurance, or another community resource. Such alternative funding sources and resources must be identified and employed, prior to spending CWS funds.
- o The service plan must contain a provision for the non-mandated service, the projected duration of the service, specify how the provision of the service will achieve the service plan objective, and be signed by the social worker's supervisor.

The following Program Identifier Numbers (PINs) have been assigned for Counties' use on the Administrative Expense Claim, Direct Cost Input Schedule (DFA 325.1B):

- o Drug testing of a parent in order to determine if the parent is drug free and can adequately parent the child.

PIN 111143 - Drug Testing - Emergency Response
PIN 111343 - Drug Testing - Family Maintenance
PIN 111543 - Drug Testing - Family Reunification

- o Campership for a child for the purpose of improving self-esteem and increasing socialization skills.

PIN 111344 - Campership - Family Maintenance
PIN 111544 - Campership - Family Reunification
PIN 111744 - Campership - Permanent Placement

Prior approval for all other non-mandated services must be obtained from your Adult and Family Services Operations consultant in accordance with All-County Letter (ACL) No. 84-128. Upon approval, Counties are to report these costs on the DFA 325.1B to the appropriate CWS Program as follows:

PIN 111138 - Preapproved Non-mandated Services
- Emergency Response
PIN 111338 - Preapproved Non-mandated Services
- Family Maintenance
PIN 111538 - Preapproved Non-mandated Services
- Family Reunification
PIN 111738 - Preapproved Non-mandated Services
- Permanent Placement

The Department, on a case-by-case basis, will review other non-mandated services to determine if they continue to require prior approval. As part of that process we will monitor claiming for drug testing and camperships under this new flexible policy to determine that expenditures follow historical trends. Questions regarding CWS programs should be directed to your Adult and Family Services Operations consultant at (916) 445-0623.

GAIN - Electronic Data Processing (EDP) Costs

We were recently advised by the Federal Department of Health and Human Services that EDP developmental costs of the GAIN Program cannot be charged to the Grant Diversion Program component unless the County is operating this program under the federally approved State Plan. Therefore, effective with the June 1989 quarter, all developmental EDP costs for projects benefiting the GAIN Program must be distributed only to the GAIN components which are operational in the County.

County Fiscal Letter

Beginning with the State Fiscal Year (SFY) 1989-90, Counties will be advised of all time study instructions, administrative and assistance claiming instructions, allocations, and other County directed information distributed by the Financial Management Services Branch, through the establishment of the CFL. The CFL will officially replace the ACL for communicating this information to the Counties. A sequential numbering system reflecting the applicable SFY will be used. For example, the first CFL issued for the July - September 1989 quarter will be designated CFL 89/90-1.

A copy of the CFL will be distributed to the County Welfare Directors, County Welfare Department (CWD) Fiscal Officers, County Auditor-Controllers, and appropriate State and Federal agencies. In addition, the County Welfare Directors Association will continue to receive a copy. Additionally, only the CWD Fiscal Officers will receive a PIN listing as an attachment to the Administrative Expense Claim instruction letter.

If you have any questions regarding this letter, please call the Fiscal Policy and Procedures Bureau at (916) 445-7046.

Sincerely,

ROBERT L. GARCIA
Deputy Director
Administration
